

Práca s textom – Reading Comprehension

Schools in Australia

Part 1: Read the text and decide if the statements below are true (T) or false (F).

Prečítajte si text a rozhodnite, či sú výroky dolu pravdivé (T) alebo nepravdivé (F).

Schools in Australia are a little bit different from those in Slovakia. The school year begins in February and ends in December. The main school holidays are during Christmas and the New Year. This time of year is summer in Australia and all children enjoy the free time, the sun, the beach and swimming. In February, everyone is back at school. Every morning, mums or dads take their children to school by car. The children wear uniforms. Each school have a different uniform. An important part of the uniform is a hat. Australia is a hot, sunny country and children have to protect their heads. Every school has its own swimming pool. There are no school kitchens and eating rooms. Children bring their lunch with them in a lunch box. The language everybody speaks at school is English.
